1. A hair care composition comprising: a. a distative; b. ethanol; and c. methyl acetate. 34. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methylacetat 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methylacetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the hydrolysis of component (c) when water is present.						
b. ethanol; and c. methyl acetate. 34. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methylacetate 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the		1.				
c. methyl acetate. 34. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methyl acetate. 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the	<i>(</i> 1)		a. a fixative;			
34. A consumenanticle comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methylacetate. 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methylacetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			b. ethanol; and			
a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methyl acetate. 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			c. methyl acetate.			
a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methyl acetate. 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the						
b. a sprayable composition contained within the spray container comprising: i. ethanol; and ii. methyl acetate. 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the		34.	A consumer article comprising:			
i. ethanol; and ii. methylacetars. 43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methylacetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the	4.0		a. a hand-held spray container; and			
43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ji. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the	CF		b. a sprayable composition contained within the spray container comprising:			
43. A consumer article comprising: a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			i. ethanol; and			
a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			ii. methyl acetate.			
a. a hand-held spray container; and b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the						
b. a sprayable composition contained within the spray container comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the	(3	43.	A consumer article comprising:			
comprising: i. isopropanol; and ii. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			a. a hand-held spray container; and			
i. isopropanol; and ji. methyl acetate. 49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			b. a sprayable composition contained within the spray container			
49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			comprising:			
49. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			i. isopropanol; and			
a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the		ii. methyl acetate.				
a. a fixative; b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the						
b. ethanol; and c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the		49.	A hair care composition comprising:			
c. methyl acetate, wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			a. a fixative;			
wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			b. ethanol; and			
wherein the volatile organic compound content of the composition is not higher than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the	04		c. methyl acetate,			
than 80%. 50. A hair care composition comprising: a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			wherein the volatile organic compound content of the composition is not higher			
 a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the 						
 a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the 						
 a. a fixative; b. ethanol; and c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the 		50.	A hair care composition comprising:			
b. ethanol; andc. methyl acetate;wherein the amount of component (b) is sufficient to substantially inhibit the						
c. methyl acetate; wherein the amount of component (b) is sufficient to substantially inhibit the			·			
wherein the amount of component (b) is sufficient to substantially inhibit the

Please add new claims 51-55 as follows:

51.	A hair care c	pmposition	comprising
-----	---------------	------------	------------

- a fixative; a.
- b. ethanol; and
- c. t-butyl acetate.

52. A consumer article comprising:

- a hand-held spray container; and a.
- a sprayable composition contained within the spray container comprising: b.
 - i. ethanol; and
 - ii. t-butyl acetate

53. A consumer article comprising:

- a hand-held spray container; and a.
- a sprayable composition contained within the spray container b. comprising:
 - i. isopropanol; and
 - ii. t-butyl acetate.

54. A hair care composition comprising:

- a fixative; a.
- b. ethanol; and
- t-butyl acetate

wherein the volatile of ganic compound content of the composition is not higher than 80%.

55. A hair care composition comprising:

- a. a fixative;
- b. ethanol; and
- t-butyl acetate;

wherein the amount of component (b) is sufficient to substantially inhibit the hydrolysis of component (c) when water is present. --
